

BIG SCREEN BUZZ

HAPPY HOLIDAYS

SPRING 2010 • WGV.COM • INFORMATION: 904.940.4010

From the World Golf Hall of Fame and IMAX Theater

Have you ever felt your heart beat a little faster as you come face to face with the most misunderstood creature of the ocean? Gotten inside the mind of one of the greatest artists to ever live? Felt the adrenaline rush through your body as you suspend off

the Eiger North face? IMAX brings these experiences to you in a larger-than-life format while incorporating educational content throughout each film. All films meet Florida Sunshine State Standards and are accompanied by educator guides to help with your pre-and-post field trip activities. Visit the educator section of www.wgv.com for more information or find us on Facebook!

Sharks & The Alps

Due to limited seating we ask that educators and one guest attend.
Reservations: 904-940-4010 or po'berry@wghof.org by Wednesday, December 2nd

2010 SPRING FILMS

Sharks

Opening January 15 (Grades 3 & up)
Join an expert team of explorers as they swim with the lions and tigers of the sea. Witness a variety of sharks, including the Great White, Hammerhead and Whale Shark in their natural habitat: not as man-eating creatures as portrayed in the movies, but wild, fascinating and endangered animals. This film offers a compelling conservation message communicating the importance of protecting our fragile marine ecosystem and preserving its biodiversity.

How Living Things Interact with their Environment	Standard 1, 2
The Nature of Science Processes of Life	Standard 1, 2

Van Gogh: Brush with Genius

Opening February 12 (Grades 4 & up)
For the first time, discover in IMAX® the fantastic colors and passionate brushwork of a great genius as they take on new life before our eyes. The journey is narrated by Vincent, where he tells us his opinion today, what gave him inspiration and reactions to his artwork as if he were seated next to us. The film takes place over a nine-year period where he painted over 900 paintings and is the first chance to discover a Van Gogh we've never seen before: serene and radiating with love of life.

Teacher's Choice

To enhance your field trip experience the World Golf Hall of Fame IMAX® Theater allows you to choose your 10:00 am film. Films are reserved on a first-come first-serve basis-choose from any film in this brochure. Vault films are subject to availability.

Going Green

The World Golf Hall of Fame will now send all confirmation letters and educator guides via email. Please make sure that when you book your trip to the IMAX® this semester that you give a current email address. In addition, you will receive a monthly newsletter with information about upcoming films, previews and special offers.

ADVENTURE SERIES

The Alps

Now Playing (Grades 4 and up)

In the thin air above Switzerland, on the sheer rock-and-ice wall known as the Eiger, an American climber is about to embark on the most perilous and meaningful ascent he has ever undertaken. MacGillivray Freeman Films present a stirring and emotional film, full of adventure, courage, personal loss, and family triumph. Filled with majestic views of Switzerland's natural beauty, The Alps follows the true life story of mountaineer and journalist John Harlin III, who sets out on an epic personal journey to climb the deadly North Face of Eiger, the steepest peak in all of Europe.

Alaska: Spirit of the Wild

Now Playing (All Ages)

Alaska: Spirit of the Wild transports students on a voyage into the last great frontier where nature enchants the eye with magnificent spectacles- fish with brown bears, soar with bald eagles, dodge calving glaciers and race on the hooves of caribou. Students will learn about the rich history, surprising wildlife, magnificent landscapes, harsh climate and abiding spirit of Alaska.

Journey into Amazing Caves

Now Playing (Grades 3 and up)

The film tracks two accomplished cavers, Nancy Aulenbach and Dr. Hazel Barton, as they explore unusual caves, like the ice caves in Greenland and the underwater caves in the jungles of Mexico. MacGillivray Freeman Films, producers of Everest and Mystery of the Nile transport viewers on an adventure to some of the most extraordinary environments on earth, to learn about microorganisms that live in the most extreme conditions in a wild variety of caves.

HALL OF FAME CLASSICS

(most requested)

Under the Sea (All Ages)

Playing through February
Travel to the most amazing and isolated sea locations on earth, and encounter some of the most mysterious creatures of the sea. Learn how this biodiversity is directly threatened by global warming, and the impact it has on these locations.

Lewis and Clark: Great

Journey West (Grades 4 and up)

Relive the 28-month, 8,000-mile trek these two American heroes made across our great land. Learn about the incredible scientific, geological, and geographical discoveries made during this expedition.

Vault Films

Reserved for groups of 200+

Everest (Grades 4 and up) –

tells the story of a group of climbers that found hope, triumph and strength in a mountain they love, respect and fear during their journey to the summit.

Wild Safari (All Ages) –

travel on the ultimate safari in search of Africa's "Big Five", the lion, elephant, leopard and cape buffalo.

Designed specifically for students in 4th-8th grade, this program introduces concepts such as gravity and speed, force and motion, and aerodynamics and helps develop an appreciation for the game of golf, its unparalleled traditions and its commitment for a competitive future. These live demonstrations are conducted by specialists who have extensive knowledge in these areas and will captivate students' attention.

Program available upon request.
